

Rosewood Class Homework Projects

Start with Me!

Summer 2018

Dear Parents/Carers,

This term we will be learning about Ourselves and Our Families incorporating Science, History, PHSE, English, Art and Design Technology.

We would like the children to choose **three** ideas from the list below. They can choose what they do and how they present it but Year 1 children should produce at least 2 pieces of accurate writing. We are looking for creative, imaginative and **quality** work.

Activities

Take a photo of the front of your house and use it to draw your home carefully.
(Please bring in both the photograph and your drawing of it to be displayed)

Reproduce a famous portrait using an art material of choice- the Mona Lisa perhaps?

Who's in your family? Make a simple family tree.

Design and make a 'Body Bingo' game.

Counting in 2's - which body parts and organs do we have 2 of? Make a list of the ones you know.

Draw or paint a family portrait.

Write a poem about yourself or your family.

Make a small 3D model of a well-balanced meal and write the menu.

Write a story about when you or a member of your family was ill.

Make a personal profile - showing the length of your arms, legs, head, torso, feet etc. in cm.
(No larger than A3 size please)

Thank you. Have fun creating.
Mrs Gill Joyce - Class teacher
