

Mendip Class Homework Projects

Katie Morag

Autumn 2018

Dear Parents/Carers,

This term we will be learning about Katie Morag and the real life island of Coll in the Inner Hebrides - a Geography topic, with elements of Art, English, Music, DT and Science.

We would like the children to choose **three** ideas from the list below. They can choose what they do and how they present it but we are looking for creative, imaginative and quality work.

Activities

Create a power-point presentation about the Isle of Coll

Write a new adventure for Katie Morag.

Draw a portrait of your favourite character.

Make a poster about things to do on the Isle of Struay.

Make a model of the Bay on the Isle of Struay.

Write a postcard to a friend, as if you were staying in the Holiday House.

Write a poem about the wildlife you could see on the island.

Research the Highland Games and Scottish food and culture.

A day in the life of Katie Morag- using clock times, show what Katie might do in one day.

Make some x tables word problem cards, using characters and animals from the stories.

Thank you. Have fun creating.

Mrs Gill Joyce
